

WEST LONDON BOWLING CLUB

CAR PARKING POLICY

Approved Committee 13 September 2022

The Club car park is made available to members of the Club and to some non-members in accordance with the policies below.

All users of the car park, whether they are Members or not, who intend to leave their vehicle unattended on the Club's premises are required to book through the Club's website at <https://www.westlondonbowlingclub.com/car-park/>.

- a) Only the Registered User of the vehicle may make a booking – booking on behalf of another person or company and their vehicle is not permitted;
- b) Payment in advance of the appropriate daily or weekly fees is required;
- c) Acceptance of the Club's Terms and Conditions is required, which include indemnifying the Club against all losses, claims, damages, expenses or other liability in any way arising from the Registered User's use of the car park.

The only exception to this rule is the parking of a member's vehicle while they attend an 'away' sporting fixture or other Club event AND intend to retrieve their vehicle the same day.

All authorised users are advised to familiarise themselves with the Club's Terms and Conditions for authorised car park use, which are available through the web page above.

Members may park a vehicle for which they are the Registered User in the car park without booking at any time while present at the Club to play sport, attend social events or provide voluntary services to the Club. A Member may not:

- a) Lend their membership card to the Registered User of another vehicle in order for them to gain access to the car park with the intention of leaving their vehicle in the car park unattended;
- b) Book a car parking space on behalf of the Registered User of another vehicle.

In either of these cases,

- a) the Club accepts no responsibility for any losses, claims, damages, expenses or other liability in any way arising from the Registered User's use of the car park, AND
- b) the Club accepts no responsibility for the Registered User's being unable to retrieve their vehicle when required.

For the avoidance of doubt, Members who may be present on the Club's premises when such an unauthorised user asks to be admitted or released with their vehicle from the car park, are under no obligation to assist in this.

Contractors providing services at the Club's premises must obtain a code for entry to and exit from the Club's car park from the Treasurer, and are expected only to use the car park while working on the Club's premises. This code will be nullified on completion or termination of their contract.

Non-members may reserve a space in the car park through the Club's website and by no other means. It is re-emphasized that the person making the booking must be the Registered User of the vehicle.
